Structural Engineer in Illinois

EXPERIENCE

Coming to the firm in March 2010, Mr. Macnamara brings extensive experience with the Building Information Modeling (BIM) software. He has since successfully completed several design projects at Sound Structures, Inc. utilizing the latest BIM software. He also has been a key member of the firm's structural steel connection design team, having successfully completed several large connection design projects.

Prior to joining the firm, Mr. Macnamara worked at Goodfriend Magruder Structure.
